

# Purification of LSA-NRC

From Total Protein Through Ni, DEAE and SP

M-Marker  
T- total soluble protein  
N-Nickel NTA elution  
D-DEAE elution  
S- SP elution

100 g paste  
~500 mg purified LSA-NRC  
~ 10, 000 doses  
~ 10 EU/ 50 µg dose
